North Carolina University

Fun Facts

-The University of North Carolina Chapel Hill is the oldest State University in the United States.

-In 1903 the Wright Brothers made the first successful powered flight by man at Kill Devil Hill near Kitty Hawk. The Wright Memorial at Kitty Hawks now commemorates their achievement.

-The University of North Carolina's mascot, the Tarheels, is a nickname for North Carolinians that supposedly came from the days when NC produced a lot of tar, and someone saw a set of footprints made by someone who had stepped in the tar.
