February 9, 2021

Patriot Families:

As we shared prior in our reopening announcement message, you were asked to commit to a choice of either a full remote schedule or a hybrid schedule through the identified date of March 1st. This commitment and expectation has been appreciated in scheduling transportation, meals, and in-person protocols. We are now asking families to make a final commitment decision that will continue through the rest of this school year..

If you wish to change the option of the choice of “hybrid” or “fully remote please reach out to your school office by no later than Friday, February 12th in order for us to plan for changes.

This is only needed if you plan to change what you are currently committed to through the March 1st date. We are planning for this commitment through June, however, this is barring any relevant changes in NYS and NYSED protocols. **Please call the school office by Friday, February 12th with your decision.**

Also, if you need to make any changes to the bus transportation information that you previously provided to us including the pick-up and drop off locations of your children, again please call the appropriate schools main office with that important information. **Again, all information will be needed by Friday, February 12th at the very latest so that we can plan accordingly.** We ask for your support with this deadline as it is essential to our planning.

Your continued patience, commitment, and support is tremendously appreciated and we want to remain active partners in doing the very best we can for all of our students and families. Please continue to reach out to your building principals with questions and concerns.

As always, we thank you for your teamwork and patience as we move forward Patriot strong!

Sincerely,

Paul Savage  
Superintendent of Schools  
AuSable Valley Central School District
